Need to fully brief relief operators

NOTIFY NCS IF DUTIES OR LOCATION CHANGE

MAINTAIN WRITTEN LOG OF COMMS SENT/REC'D

ACCOUNTABILITY IS KEY

QUESTIONABLE TASKING

If assigned a job that you don't believe is safe or appropriate for ARES members contact Duty EC to discuss, **off the air** if possible.

WPGARES EQUIPMENT

KIT #1, KIT #2, Kit # 3, KIT #5;

Kit # 4 **was** in WFPS Mobile Command

Four HT KITS;

Beam KIT

Ringo Kit

Copper J-Pole & Coax (stored at VE4EOC)

MOBILE KITS

Kits 1, 2 and 3 virtually the same:

- 2m Mobile Transceiver and Manual

- 12 amp Power Supply

- AC Extension Cord

- Large Battery Pack("jump-start" type)

- DC Power Cord with Cigarette Plug

- 1/4 wave Mag Mount Antenna

- 25 ft RG-8X Coax

- Comet Coax Pass-Thru Jumper CTC-50M

- DCI Intermod Filter

- Headphones, Fuses

- Emergency Plan, Pens, Pencils

- Log-sheets and Message Forms

- 2 ARES Vests

Kit #5 has no battery pack and no DCI Filter.

HT KITS

EACH MAIN HT KIT HAS FOUR 2m HTs

Maxon HR 146 or Realistic HTX-202

NiCd or NiMH Packs for all 4 radios

"AA" Battery Packs for all 4 radios

Extra "AA" Batteries

DC-DC Cords for Maxons/202s

Trickle-charger wall cubes

SPKR/MICs in 2 kits only

User Manual for Maxons/Radio Shack

Maxons/202s programmed for:

WPG, ARC, CNR,

SIMPLEX 1-5, TWO, EDU, ARS,

UMR, INT, AGA, MAN, 146.520

Per WPGARES Frequency List (Emergency Plan, Appendix 9.2)

3rd Kit in a Soft Case, 2m IC-2ATs (each with 127.3 Hz CTCSS Board)

4th Kit in a Soft Case, modern IC-T70a VHF/UHF HTs

ARES BOX & ARES BINDER

Concept of ARES Box and ARES Binder is **minimum** ARES equipment and documentation that you might require for an emergency call-out in **Winnipeg area**.

Different equipment list for rural deployments (available from MBQ)

Can be separate packages or all-in-one, e.g.: toolbox and briefcase, duffel bag, suitcase

Carry with you in the vehicle!

Emergency Plan Appendix 9.3 & 9.4

Many lists around for what you should have in your go kit. Customize as you wish, use WPGARES lists as a **starting point** if nothing else. List in TCA (DEC 2001), large list in ARRL literature, see Appendices 3-5 Arlington County RACES Manual:

<http://www.w4ava.org/races/auxcomm01.htm>

Useful Accessory

- Hat Clip or “Napady” Clip to get HT antenna away from body when HT must be deep inside parka or rain jacket

Summary

Call-Outs

- Initiated by EC or AEC
- May include phone fan-out or just on-air polling
- Could be Emergency or “Planned”

Summary con't

Readiness & Response

- Have ARES ID card & equipment with you
 - Use 9.3 & 9.4 as equipment checklists
- Be certain of assigned location & role
- Consider capability to respond
(Family, work, health, etc)
- **DON'T SELF-DISPATCH**
- Contact Duty EC if any conflict with served agency or tasking
